

80% Alcohol Hand Sanitiser (5Ltr)

DESCRIPTION:

Dainty&Heaps 80% Alcohol Hand Sanitiser can be used when you're out and about in the absence of soap and arm water to instantly eliminate commonly occurring bacteria and viruses that are known to be highly transmissible and can result in infections and illnesses. This alcohol-based hand sanitiser comes in a liquid form that rapidly evaporates and moisturises leaving the skin feeling clean, soft and smooth. Tested and Certified to BS EN 1500:2013 it is applicable to chemical disinfectants and antiseptics to be used in areas and situations where disinfection or antiseptics is medically indicated. Such indications occur in patient care: 1. In hospitals, in community medical facilities and in dental institutions. 2 In schools, in kindergartens and in nursing facilities. 3. In the workplace and at home.
